

MarJen for Error Quilt Schedule

This quilt will take a year (12 months) to complete. We will work on it together piece by piece, starting with the individual blocks, moving to the embroidered strips, putting the pieces together and quilting and finishing it.

Here is the schedule we will try to follow over the next year. Keep in mind that it is not “set in stone”. If you try to set aside 3-4 days a month to work on the blocks, you should be able to keep up with this schedule. You may be ahead or fall behind at certain times, but just keep on working and you will get to the finishing point!

April 2008

Gathering supplies & embroidered blocks

May 2008

Embroidered blocks

June 2008

Embroidered blocks

July 2008

Embroidered blocks

August 2008

Dresden plate blocks
